en route to DC

- POTUS asked us to call
- Concerned about the election
- Think DOS ~~should~~ <sup>must</sup> do its job on election result
- On Foreign Affairs Committee
  - can't understand why DOS said voting about H. Biden investigation - <sup>no</sup> ~~was~~ <sup>no</sup> ~~was~~
- Likes Judge Clark a lot - thinks he would do smthg about this

e.g. - Aiken Books - Hq RIT scandal

- IG find - we asked FBI to interview her - told her to say anything.
- She feel like she was the one under investigation.
- FBI don't do the right thing in all instances

- Forensic Accountant who is state rep - looking at open

source info - all countries but 3 (still waiting on two)

= 205K was notes for voters - clear fraud

- Told him we would, of course, be willing to look at text but, thus far, we haven't seen fraud or state to change outcome in 2020
