

**Senator Jeff Sessions**  
**Questions for the Record**  
**Neeraj Gupta, CEO, Systems in Motion**

1. If S. 744 were to become law, do you believe that the Department of Homeland Security would deport those who enter the country illegally or overstay their visas after the bill's enactment?
  
2. If S. 744 were to become law, how many total new immigrants, including those currently here illegally who would be granted some form of legal status and those who would be admitted to the country under all categories of chain migration, would be added to the United States over a ten-year period following the date of enactment and over a fifteen-year period following the date of enactment?

Answer:

Senator Sessions,

I am unable to answer the above questions. I am not an expert at DHS matters and don't have any data on question #2.
