

Dear Chairman Grassley and Ranking Member Durbin:

Please pass the bill Halt Fentanyl Act. So many lives have been lost to fentanyl poisoning. My only son Jonathan was poisoned and murdered by fentanyl on May 10, 2017. Something needs to be done to stop the fentanyl epidemic. The DEA museum is covered with pictures of children and adults that have been killed by fentanyl. Please help to get this bill passed and onto the President's desk!

Sincerely

Kimberly Frock
