

The Honorable Chairman, Chuck Grassley and The Honorable ranking member, Dick Durbin .

This act is very important to our next generations in our country. I am the Mother of Shawn Roberts who was deceived and took one pill that ended up being a fake Xanax laced with fentanyl and heroin. Shawn did not intend to die and never had a chance ...I am Shawn's voice now and Shawn left two young children behind. If I don't fight for their future and for justice, what would they think of me .? PLEASE PLEASE vote to pass this act. This country has lost hundreds of thousands of individuals to this epidemic and it is time to stop it.

Thank you,
Sharon Roberts
