**Re: Nomination of John Murphy**

Dear Senator Durbin and Senator Grassley:

It is our privilege to sign and submit this letter endorsing the nomination and confirmation of John Murphy as a worthy addition to the federal judiciary in the Eastern District of Pennsylvania. We do so, having worked closely as co-counsel or local counsel with John on one or more of the numerous IP cases he has handled for plaintiffs and defendants in trial and appellate courts around the nation. In that working relationship with John, we have seen many of his personal and professional attributes that forecast a successful transition from advocate to impartial jurist.

John's intelligence is impressive, but it doesn't get in the way of working with others as a team. He seeks and readily receives input on the multifaceted aspects of preparing for trial and presenting the case in the courtroom, but John ultimately makes the decision he considers to be in the client's best interests. While John always puts the client's interests first, he will not hesitate to work with opposing counsel to reach a settlement or to streamline a trial when the case cannot be settled. He is courteous and respectful to judges, juries, and witnesses, demonstrating his belief that advocacy can be effective without being caustic.

We are litigators. We try cases. We know the qualities of the judges we want to be presiding on the motion we present to the court for summary judgment and the case we take into the courtroom when a dispute must be resolved in that venue. John Murphy will be one of those judges.
