UNITED STATES SENATE

July 26, 2024

The Honorable Christopher A. Wray
Director
Federal Bureau of Investigation
935 Pennsylvania Avenue, N.W.
Washington, D.C. 20535

Dear Director Wray,

As Ranking Member of the United States Senate Committee on the Judiciary, I believe it is very important for you to correct your testimony before Congress on Wednesday when you indicated it is uncertain whether President Donald J. Trump was hit by a bullet, glass, or shrapnel.¹ It is clear to everyone that President Trump survived an assassination attempt by millimeters, as the attempted assassin's bullet ripped the upper part of his ear.

This was made clear in briefings my office received and should not be a point of contention. Therefore, I urge you to immediately correct your statement and acknowledge that President Trump was hit by a bullet rather than glass or shrapnel. As head of the FBI, you should not be creating confusion about such matters, as it further undercuts the agency's credibility with millions of Americans. Please correct this statement immediately.

Sincerely,

A handwritten signature in blue ink, appearing to read "Lindsey O. Graham".

Lindsey O. Graham

Ranking Member

Senate Committee on the Judiciary
