Re: Magistrate Judge Dana Douglas Appointment to United State Fifth Circuit Court
of Appeals

To whom it may concern:

I am writing to recommend Magistrate Judge Dana Douglas for the United States Fifth Circuit Court of Appeals. Judge Douglas will be a welcome addition to any appellate court. Her resume exemplifies the work ethic and compassion to serve admirably on the Fifth Circuit. As a lawyer, I look forward to Judge Douglas continuing to serve our profession with integrity and thought. As a citizen, I look forward to Judge Douglas upholding the laws and freedoms of our beautiful Country.

I must note that I do not know Judge Douglas personally and have never been in her court. I practice on the western side of the State, and she is on the eastern side. However, the recommendation I have received on Judge Douglas is unassailable.

This is actually the first letter I have ever written on behalf of a nominee, so I do not do it lightly. I have clerked in the Federal system and practiced as a lawyer for over 30 years. I was fortunate enough to have a Judge in my immediate family and am extremely familiar with the necessary qualities and dedication of a good jurist.

Please consider Judge Dana Douglas favorably for the United States Fifth Circuit Court of Appeals. Her nomination is well deserved.

Sincerely,

WELLS T. WATSON
